September Expectations

We are continuing to work on our 2021-2022 Reopening Plan for school safety. The following information is an overview of what you can expect in September, subject to changes pending updated guidelines released from any of the advisory agencies (CDC, NYSDOH, NYCDOE).

- Universal masking, regardless of vaccination status.
- Each morning, the *Daily Covid Survey* screening must be completed through Renweb, before a student enters the building.
- If your child has been vaccinated, we ask that you provide a copy of the vaccination card.
- Sanitizing protocols will remain in place. Frequent sanitizing of high traffic surfaces will continue.
- A 5-minute transition between classes to allow teachers time to sanitize desks/materials.
- Social distancing protocols will remain in effect. Students will maintain at least 3 feet of physical distance, where practicable.
- Water fountains and vending machines will remain out of service.
- All classrooms will be equipped with air purification devices.
- Lockers will be in for use.
- Remote instruction will not be provided. In cases where students must quarantine for 10 days, asynchronous assignments and office hour support will be provided.
- The Co-Curricular program will run in-person, after school, adhering to all safety protocols.

*Preston High School is a 501(c)3 organization, separate from The Preston Center of Compassion.
Accredited by the Middle States Association of Colleges and Schools*
