Dear Preston Parent:

We write in continued celebration that Preston High School will remain open next Fall and is now independent. There is no longer any threat of closure and Preston's legacy will exist for decades to come.

We look forward to welcoming your daughter back in the fall, as their seat at Preston has been saved for the 2025-2026 academic year. Yesterday, you received communication noting the new re-registration time frame, beginning May 9 and closing on June 3. Prior to the re-registration period, we would like to know your intention to return to Preston. Below, please find useful information to help support you in the decision-making process.

Tuition will remain at the January 2025 revised rate of \$12,795 for the 2025-2026 year. If you receive Preston scholarships, those awards remain intact. We are still awaiting a final decision on Inner City Scholarship Fund and (ICSF) and Student Sponsor Partner (SSP) scholarships for next year. ICSF has advised parents and families to take the following step in the interim:

- Please begin an application to your second choice school on the ICSF platform. Once a final decision has been made and Preston is back on the ICSF platform, your child's school choice will be reallocated to Preston.

We are awaiting additional steps from SSP and hope to have good news shortly.

Our Admissions Task Force would like to provide any support you need to ensure your commitment to continuing your child's education at Preston.

Please fill out this [Google Form](#) so that we may understand your needs for the upcoming school year. We appreciate your response by **Wednesday, May 7, 2025**.

With gratitude,

Jennifer Connolly
Principal
